

**WORKSHOP 2: AGENDA | JUNE 13**

**ONLINE**

| <b>Time</b>       | <b>Session</b>   | <b>Facilitators</b>   |
|-------------------|--|---|
| 9.00am – 9.15am   | Online Welcome & Check-in  |   |
| 9.15am – 10.00am  | <p><b>How the city of London works?</b></p> <p>We take a whistle stop tour of the financial markets and how they have come to define the city of London. This includes an overview of the types of topics relevant to finance and economics practitioners and the institutions that make up financial centres like 'the City'.</p>   | <p><b>Kieron Singh</b></p> <p>Actuary who has spent several years working in the financial industry including Credit Suisse and Prudential plc.</p>   |
| 10.30 am-11.30pm  | <p><b>An introduction to project development and project management</b></p> <p>Drawing on experience from working in local government to explain how projects are developed, defined and delivered. We offer an introduction to the different stages of project development as well as project management methodologies such as PRINCE2, and show how these methods play out in a real-world context and what makes for a brilliantly conceived and implemented project. We offer tips on competencies and behaviours that employers look for in project managers, whether in the public, private or not for profit sectors.</p> | <p><b>Steve Diamond</b></p> <p>Head of Economic Development working in the Shared Service for Richmond and Wandsworth Councils. He leads a team delivering businesses support, high street development, employment &amp; skills and arts &amp; culture over a large part of south west London, home to half a million people. He has over 30 years' experience, working for the Greater London Authority, London Development Agency, Business Link for London and Hammersmith &amp; Fulham Council prior to his current role.</p> |
| 11.30pm - 12.00pm | Lunch Break  |   |
| 12.00pm-1.30pm    | <p><b>Postgraduate Research - what next? How an Entrepreneurial Mindset can Help</b></p>   | <p><b>Nicolette Michels</b></p> <p>Professor of Applied Enterprise and Associate Dean for Programmes at</p>   |

|                      |  |  |
|----------------------|--|--|
|                      | <p>We explore why enterprise is relevant for postgraduate research students and gauge an appreciation for what are entrepreneurial traits, what it means to have an entrepreneurial mindset. The intention is to think beyond your expertise into spaces where you can challenge your ideas and aspire to build your expertise into a more realised potential by combining both creativity and innovation.</p> | <p>Oxford Brookes Business School. Nicolette consults and researches in the area of entrepreneurial management, enterprise education and knowledge exchange between higher education and industry. Nicolette has worked with enterprises large and small, for profit and not, and has led a number of government-sponsored Knowledge Transfer Partnerships between the university and regional fast-growing SMEs looking to support innovation and growth.</p> |
| <p>1.30pm-1.45pm</p> | <p><b>Preparations for Showcase</b></p> <p>Close the session with next steps towards our preparation for July 10<sup>th</sup> Showcase event.</p>  | <p><b>Dr Melissa Jogie</b></p>   |
